ABOUT ME

I'm a Manager-economist who decided to reload career and restart it as a Front End Developer.
 My goal is to become a successful developer and build my career in IT.
 Previously, I worked as a Top-manager in retail, so I have good experience in teamwork, I know how to find solutions in any problematic situation and take full responsibility for the results of my own work.
 I have a sense of purpose in studying a case that is new for me.
 I am looking for a job where I could grow professionally, raise the level of knowledge, gain experience in the web development and prove myself.
